## Synopsis :

Review 'Exploring Philosophy is a wonderful achievement and a significant contribution to philosophical pedagogy. Cahn's choice of articles is superb and clearly reflects the choice of someone with years of experience engaging students in philosophy. The book contains a balanced mix of authors, an even-handed treatment of the issues, rigorous yet accessible articles that are appropriately introduced by the editor, and is far more affordable than most college texts.'--Laurence Carlin, University of Wisconsin Oshkosh Read more About the Author Steven M.
